

# Access Your World

For home, school, work, and play, explore new Versa™ accessories for the everyday, on-the-go iPad® user. Versa adds protection, amplification, and accessibility to your iOS experience (iPad sold separately).

## VersaWrap™

Add protection to your active iPad with a lightweight, impact-resistant wrap that stands up to anything your day throws at you.

- Carry with the comfort-grip handle or add the VersaStrap to the attachment points
- Find the best screen view with the multi-angle stand
- Add an Apple® AirTag™ (sold separately) to the built-in pocket to track your iPad
- Attach the VersaSpeaker to the back of your wrap to be heard clearly wherever you go

VersaWrap (black, pink, lavender, gray, or blue)

## VersaSpeaker™

Amplify your sound with this portable Bluetooth® speaker – the perfect accessory for use with an AAC app or to turn up the volume on the music that moves you.

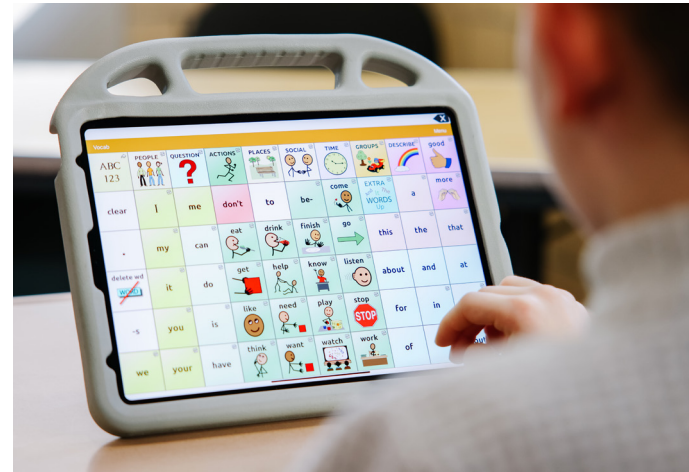

- Snap into the back of your VersaWrap or simply attach the strap and carry it with you for on-the-go volume
- Water-resistant design won't let a little water get in the way

2.2" L x 6.2" W x .75" D; Weight .3 lbs

## VersaEye™

### Eye Tracking for iPadOS

Whether you're talking with AAC, playing games, streaming your favorite media, or tackling a work project, the VersaEye with Hiru™ by IRISBOND™ gives you a fully powered and accessible integration of eye tracking with iOS.

- For any age and ability
- Accurate tracking
- 1, 5, 9, and 16-point calibrations
- Full accessibility to both your iOS and PRC-Salttillo's AAC apps
- Comes fully assembled – place your iPad in the wrap and plug in the USB-C cable for simple setup

*iPad and VersaSpeaker sold separately*

#### Flexible stand & mounting options

The adjustable stand makes setup easy on any solid surface. Mounting plate included for a variety of wheelchair and table mounts.

#### Extra power

The VersaEye's built-in battery powers the Hiru eye tracker while your iPad does the rest.

#### Use wherever you go

Experience high-quality eye tracking both indoors and outdoors (*performance may vary for individuals*).

#### Make it click

Use Apple's accessibility options to set custom dwell or switch control for all your apps.

#### Seamless integration

Smoothly navigate and control your favorite apps with AssistiveTouch.

#### Compatibility

Compatible with iPadOS 17 and above on:

- iPad Air (5th Gen or later) and VersaWrap 10.1
- iPad Pro 11-inch (3rd Gen or later) and VersaWrap 10.1
- iPad Pro 12.9-inch (5th Gen or later) and VersaWrap 12.1

VersaEye (black eye-tracking unit with black, pink, lavender, gray, or blue wrap)
